Dear Parent / Guardian:

The school district does not provide any type of health or accident insurance for injuries incurred by your child at school.

We encourage all families to have accident coverage on their children, prior to participation in *any interscholastic sports or if a family's current primary health insurance has a High Deductible, Co-Insurance Clause and/or Limitation on medical benefits.*

This plan will provide benefits for medical expenses incurred because of an accident. Student Accident Insurance provides benefits for injuries that occur during school hours and or school sponsored and supervised activities (i.e. athletics, gym class, playground, field trips, JROTC, etc). 24 Hour coverage is also available. Student accident insurance serves to reduce or completely eliminate any out of pocket expenses not paid by primary coverage including copays, deductibles, coinsurance, etc, and will pay on a primary basis in the absence of other collectible coverage.

With the increasing trend of high deductible plans, and more of the cost share shifted to the insured, Student Accident Coverage has become more important than ever! This means even if you have health insurance, you should consider purchasing this accident plan as a secondary insurance!
